Call for Papers  
REMINDER & DEADLINE EXTENSION

Logistics Management 2009,  
2.-4. September,  
University of Hamburg

<http://www.lm09.de>

---

The Logistics Management 2009 is an international conference addressing research experts and practitioners interested in logistics management and related fields. The interdisciplinary exchange and the discussion of current trends, strategies and research outcomes are fundamental components of this conference.

Topics of interest include but are not limited to Supply Chain Management, Collaborative Commerce, Reverse Logistics, IT-Systems in Logistics, Transportation-, Handling-, and Inventory Policies, Decentralized Logistics, eBusiness as well as Education in Logistics.

The submission deadline has been extended, please submit your paper via the Conference homepage (<http://www.lm09.de>) not later than

28.02.2009.

All submitted papers will go through a reviewing process and accepted papers will be published in the conference proceedingsbook issued by Springer. A copy of the conference proceedings will await you at the beginning of the conference.

Furthermore, papers/extended abstracts for presentation only may be submitted till 15.06.09.
